OFFICERS OF VICTORIA REBEKAH LODGE, COLEMAN

Following are the officers of Victoria Rebekah Lodge No. 7, Coleman: J.P.N.G.—Sister Neilson, Noble Grand—Sister Yates, Vice-Grand—Sister Bowen, Recording Sec.—Sister Lonsbury, Financial Sec.—Sister Antel, Treasurer—Sister M. Dunlop, Warden—Sister Plante, Conductor—Sister Milley, Outside Guard—Sister Ford, Inside Guard—Sister Boulton, R.S.N.G.—Sister Hoggan, L.S.N.G.—Sister Rogers, R.S.V.G.—Sister Evans, L.S.V.G.—Sister Cox, Chaplain—Sister Beart, Organist—Sister Burns.

OFFICERS RAY OF HOPE REBEKAH LODGE, BELLEVUE

Following are the officers of Ray of Hope Rebekah Lodge, as installed by Sister Jackson, D.D.P., last week at Bellevue:

J.P.N.G.—Sister Brown, Noble Grand—Sister Shevils, Vice-Grand—Sister Emerson, R.S.N.G.—Sister M. Goodwin, L.S.N.G.—Sister L. Goodwin, R.S.V.G.—Sister Cousins, L.S.V.G.—Sister Bogusch, Chaplain—Sister C. Cavin, Warden—Sister Prescott, Conductor—Sister Milnes, Inside Guard—Sister Bradley.

WONDERED WHY

Arthur Kelly entered Kerr's gente furnishings store on Friday at noon when the rain storm was at its height and wanted a straw hat. He tried on two hundred and forty-one hats, all sizes, shapes and colors, but none would fit all being small.

Mr. Kerr wondered what had happened to Lyle Arthur, but learned shortly afterwards that the arrival of a baby boy to Mr. and Mrs. Arthur Joseph Kelly that morning was largely responsible for Arthur's swelled head. Congratulations, old top!

CARD OF THANKS

Anton and Rudolph Cerney, of Frank, wish to thank all those who so kindly assisted or who showed sympathy in their recent bereavement. They wish also to express sincere thanks to the local Miners' Union for financial assistance.

BARTLETT-MOCKFORD

A pretty wedding was solemnized at the home of the bride's parents, Mr. and Mrs. Mockford, 1020 10th Avenue S.E., Calgary, on Saturday last, when their daughter Nora became the wife of Mr. W. J. Bartlett. The ceremony was performed by Rev. W. T. Young, formerly of Blairmore.

Outside Guard—Sister Curry.

TOWN WILL PROCEED WITH MAIN STREET GRADING

At the regular meeting of the town council on Monday night, in view of the fact that the government was not yet ready to proceed with their fifty-foot plan of road grading through incorporated towns, the council decided to at once proceed with grading of the main highway through Blairmore.

The application of T. Platch, of the Orpheum Theatre, for a reduction in license was granted. The fee for this year will therefore be forty dollars, instead of fifty dollars as formerly.

A tentative table of estimates was submitted by the secretary, according to which it is likely the mill rate for this year would not be more than fourteen mills, six mills less than last year.

The council adjourned to meet again on Wednesday night for final consideration of estimates and setting of a rate of taxation.

At a meeting of the council held last night, final consideration of the estimates for the year 1927 resulted in a tax rate of fourteen mills being set, being general municipal, 8 mills; water debenture, 6 mills. In addition will be the supplementary revenue tax of 2 mills. A discount of ten per cent will be allowed on all current taxes paid on or before October 31st.

AT THE ORPHEUM

The week's programme at the Orpheum Theatre will be: Friday and Saturday, July 22nd and 23rd, Syd Chaplin in "The Better 'Ole," also "The Mona Lisa," an all colored picture, with Hedda Hopper and Crauford Kent. Monday and Tuesday, the 24th and 25th, "Breed of the Seas," Wednesday, July 27th, the "Lewis-Munn Wrestling Match," and Buck Jones in "Whispering Sage." Saturday next, July 30th, Rod La Rocque in "Red Dice."

The management is entering into a contract with all local merchants whereby for every \$1.00 purchase a free ticket of admission will be given, which will be good for one adult or child, providing the holder buys one adult admission. This will become effective on Tuesday next and continue every Tuesday night only for one month.

The Christian Science Monitor remarks: "Canada pauses to remark that it is the first sixty years that are the hardest."

The marriage of Mike Malkovich to Miss Mary Hamato, both of Hillcrest, was solemnized by Rev. J. W. Smith at the Blairmore United church on Wednesday of this week.

The death occurred at Macleod on Sunday noon of George Skelding, after an illness of a year. Mr. Skelding was a former member of the provincial legislature, to which he was first elected as a Liberal at the general election of 1917. He was 63 years of age. Funeral took place at Macleod on Tuesday afternoon.

Mrs. John B. Wilson, of Blairmore, her children and her mother, Mrs. C. D. Beecher, of Macleod, Alberta, are occupying the apartment of Mr. and Mrs. Frank Taaffe in Stanley Court. Mr. Wilson, manager of the Royal Bank at Blairmore, will join his family about the first of August—Vancouver Province.

Clareholm's aggregation of ball tossers will journey to Fernie on Sunday to meet Fernie in a series of games for the Calgary Brewery Trophy. They will engage in a double-header Sunday with a third game if necessary Monday. Fernie has successfully defended this trophy against all challengers for the last three years and Clareholm will no doubt endeavor to bring the barrel back to Alberta.

SCHOOL BOARD SETS TAX RATE AT EIGHTEEN MILLS

A special meeting of The Blairmore Board of School Trustees was held in the secretary's office on Saturday forenoon for the purpose of considering the estimates for the year and setting a tax mill rate.

The summary of the estimates is as follows: Debenture payments, due December, January and March next, \$3,710.50; teachers' salaries, \$15,500; loan from department of education, \$4,766.38; notes Royal Bank, \$9,000; salaries—secretary \$900, auditor \$100.00, assessor \$50, attendance officer \$120, caretaker \$1,800, total \$2,970; rent of West Ward school, \$900; rent secretary's office, \$240; insurance, fuel, supplies and repairs, \$1,221; new floors, etc., \$500; playground equipment \$300. Total expenditures, \$36,469.38.

Receipts—Department of education grant, \$3,000; educational tax returns, \$1,000. To be raised by taxation \$32,469.38, less \$6,000 already provided for, leaving a total of \$26,469.38.

It was shown that during the past year, considerable arrears had been collected, so that the district's overdraft at the bank was reduced by some four thousand dollars. Tax arrears at present total \$27,118.19, some fourteen thousand dollars of which is tied up in properties held by the town that are nonproductive.

After due consideration, a rate of 18 mills on the dollar of the district's assessment of \$1,671,132 was arrived at. Taking into consideration that upwards of seventy-five per cent of the ratepayers will take advantage of 10 per cent discount for payment of taxes within a given period, Blairmore's nominal rate is really 16.2, about the lowest in the district's history.

A motion was passed to the effect that 10 per cent discount be allowed on all current taxes paid on or before the 20th of September.

The board also decided to have the rooms of Grades III. and VIII. refloored with No. 1 clear maple flooring, and that tenders for same be invited at once. Also that necessary repairs be effected to stucco, roof, fence posts and toilets. Janitor Warner was authorized to procure necessary material and renovate certain school rooms.

Secretary reported that the teaching staff for the fall term was now complete and that with but one exception all contracts had been regularly signed up. The staff will be as follows: Principal, D. McPherson; vice-principal, E. Muncester; staff—Misses Crystal, McVey, Hyson, McDonald, Pozzi, Tompkins, Arlensdon, Cox, Brunetto and Mrs. Fleming.

ELKS' PICNIC POSTPONED

Owing to the heavy rainstorms and bad condition of the roads, the Southern Alberta Elks' picnic, which was to have been held at High River yesterday, was postponed.

The committee will meet soon to decide on the postponed date.

Effective from July the 1st, every motor car driver in the province of Ontario is required to obtain a license to drive, for which a fee of one dollar is charged. To qualify for the license he must undergo an examination as to physical or mental ability, unless he has previously driven a car for at least five hundred miles.

Mr. and Mrs. Gordon Steeves returned to town on Thursday evening last by motor from Calgary, after having spent their honeymoon on a trip to Alaska. The young couple have taken up residence in the Greenhill Apartments.

Mr. E. D. Battum, of Calgary, is in town on Tuesday for the purpose of making the official quarterly audit of the town's books and affairs.

OFFICERS OF CROWVIEW REBEKAH LODGE

The officers of Crowview Rebekah Lodge, as installed on the night of Thursday, July 7th, by Sister Jackson, of Coleman are as follows: J.P.N.G.—Mrs. M. McKay, Noble Grand—Mrs. W. Patterson, Vice-Grand—Mrs. J. R. Warner, Chaplain—Mrs. D. A. Howe, Recording Sec.—Mrs. D. Fraser, Financial Sec.—Mrs. C. Smith, Warden—Mrs. A. Benson, Conductor—Mrs. W. Archer, R.S.N.G.—Mrs. M. Joyce, L.S.N.G.—Mrs. S. Enn's, R.S.V.G.—Miss Emma Kidd, L.S.V.G.—Miss E. Christophers, Inner Guard—Mrs. F. V. Houghton, Outer Guard—Mrs. J. B. Harmer, Mrs. C. H. Erikson is serving the full term as treasurer.

Following the installation, a social hour was spent during which supper was served. Rebekah lodges of Coleman and Bellevue were well represented.

OFFICERS OF ALBERTA REBEKAH LODGE

Following are the officers of Alberta Rebekah Lodge, as installed by Mrs. Jackson, district deputy president, on the night of last week: J.P.N.G.—Mrs. H. Holton, Noble Grand—Mrs. Ordland, R.S.N.G.—Mrs. S. M. Hinton, L.S.N.G.—Mrs. Bain, Vice-Grand—Mrs. Saville, R.S.V.G.—Mrs. McKerricher, L.S.V.G.—Mrs. S. A. Fraser, Recording Sec.—Mrs. Brooks, Financial Sec.—Mrs. McDougall, Treasurer—Mrs. Langin, Chaplain—Mrs. Hyslop, Warden—Miss M. Clarke, Conductor—Mrs. Colin Buchanan, Inner Guard—Mrs. Sweeney, Outer Guard—Mrs. McMurdo, Pianist—Miss Morrison.

PINCHER ELKS' CAR COMES TO BLAIRMORE

Pincher Creek Elks concluded their two-day summer carnival last night, when the draw for the beautiful Chrysler sedan took place, the winner being Mr. George Sangster, of Blairmore. The carnival was indeed a success and was attended by large numbers from The Pass district.

Miss Flora Warner, who has been teaching at Rainier for the past year, is home for the summer vacation. The board at Rainier very much prize the services of Miss Warner, and has offered her an increase in salary to remain there.

The Canadian People

In founding on the celebration of the Diamond Jubilee of Confederation, the Dominion Parliament at its next session might well take one more step to further promote a united Canadian sentiment and develop a stronger Canadian national spirit by making legislative provision for the recognition of the Canadian race, and to enact that a person born in Canada, whatever their racial descent, shall be designated in the census returns of this Dominion as a "Canadian."

At the present time, tens of thousands of native-born Canadians are made to suffer a feeling of inferiority, not only in their own eyes but before the world, through their inability to record themselves as Canadians. Under the census regulations of the past they have been forced to designate themselves as English, Irish, Scotch, French, Dutch, German, American, — anything but what they really are, Canadians.

As a result, the census statistics of the Dominion advertise to the world that this country of Canada is inhabited by all manner of races and conditions of people, except Canadians. That in all this broad Dominion, a self-governing nation in the British Commonwealth of Nations, with a status equal to that of Great Britain itself, and a full-fledged member of the League of Nations, there is no such person as a Canadian.

If in England, the same antiquated and obsolete system of census enumeration prevailed, many families who have lived in England for centuries would be compelled to classify themselves as Dutch, or French, or anything but English. His Grace, the Duke of Devonshire, the Prince of Wales, and other members of the Royal Family would be recorded as German. In the United States, if our census system existed, there would be every German race under the sun. In Canada, it is the understandable instance of the Ottawa authorities in this matter which is one of the causes of people in other lands failing to understand and appreciate the national and international position of Canada today.

Furthermore, the existing state of things is most unfair to the people of Canada. There are thousands of Canadians whose parents, grandparents, great-grandparents, were born in Canada, and who do not know, and much less care, whether generations back their forebears originally hailed from the British Isles, the continent of Europe, or the Isles of the Sea. They are Canadians. That is good enough for them, and it ought to be good enough for the Canadian Government.

In some cases a man's great-grandfather may have been Scotch and his great-grandmother French; his son may have married a German; the female offspring of this latter union may have married a Ukrainian-born in Canada, but one of whose parents was a Hungarian, and in turn had Russian blood. What is the nationality of such a Canadian-born man? He himself does not know, and it is doubtful if the average census enumerator can figure it out. The only ones on which the enumerator is clear, and because the Government in its instructions to him makes it absolutely clear, is that man is not a Canadian regardless of the number of these generations of varying racial descent who were born in Canada.

"Canada our Country" was the motto of the Diamond Jubilee celebrations. "Our people Canadians" should be the record disclosed by the census returns, not a confusing mixture of peoples. Under the existing system of enumeration it is not at all surprising that so many false statements are being made to the effect that Canada is rapidly becoming a non-English country, and that the foreign-born predominates. If the children of three and four generations of native-born Canadians must still be classified as Russian, or German, or Austrian, anything and everything but Canadian, it is small wonder that the people who do not understand the existing system are misled and arrive at conclusions the very reverse of true.

Canada's Diamond Jubilee year is a most appropriate time for Parliament to right this injustice to so many of its citizens and to the Dominion as a whole.

To Cross Ocean in Small Boat

Steel Vessel Twelve Feet Long Will be Used By Daring Navigator

In a tiny, metallic, steel vessel of his own construction, built during his spare time, William Oldham, of Warrington, Lancashire, proposes to set out shortly on an adventurous voyage from Dover to New York. The boat, which is only 12 feet long, with a beam of 3 feet, will be propelled by a navigator with a pedal mechanism much like bicycles operating the two-bladed propeller.

A "windmill" geared to the shaft will revolve him when the wind is fair. Two persons can be accommodated, although there won't be full-length sleeping quarters. There are six water-tight compartments and

four gunnel windows. Oldham will be able to button himself down when the weather is bad and keep a lookout from a small "conning tower." He has estimated that the trip will occupy 40 days, and he is desirous of finding some one to share the hazards with him.

Double Wedding in Airplane

Machine Carried Witnesses, Clergyman, and Invited Guests

For the first time in the history of aviation, a double wedding ceremony was conducted at Berlin, Germany, high in the air, directly over two churches. The vows were exchanged before a regular altar erected in the plane, while a photograph reproduced organ music.

A Rohrbach-Roland plane, one of the largest air vessels of the Luftwaffe, had been transformed into a bower of flowers with the beautifully decorated altar in the centre. The new wedded couple returned to the Tempelhof Air Port, where they received the congratulations of numerous friends, and partook of a breakfast before starting on their respective honeymoons.

British Expedition To B.C.

Will Collect Rare Flower Seeds in Mount Garibaldi District

The Royal Horticultural Society of Great Britain, with its history of over one hundred years of good work, has decided to finance an expedition to the Mount Garibaldi district of British Columbia for the purpose of collecting seeds from the numerous rare and beautiful flowers which revel in the higher slopes of these grand hills. J. C. Bennett, Lake Hill, alpine and rare plant specialist, is to organize and direct the expedition.

When a man has real troubles he keeps them to himself.

Quick Stop for Airplanes

New Device Will Permit Planes to Land on Roofs of Buildings

Alphonsus, can now be safely brought to a stop within a distance twice their own length under a reversing propeller arrangement patented by C. Francis Jenkins, noted Washington inventor.

The propeller cannot be operated until the plane lands, Jenkins explained, and when thrown in reverse halts the airplane with the ease of powerful brakes.

The inventor believes his device will permit air fields for mail and commerce to be established on the roofs of buildings, eliminating the slower and costly hauling of mail, express and passengers from suburban fields.

Sour Stomach Risings

Subdued by "Nerviline"

A Few Drops Bring Relief

The wonderful relief you get from twenty drops of Nerviline will surprise you. Take it in sweetened water, and almost immediately you feel better. Nerviline relieves the gas caused by fermenting food, and relieves that distressed feeling in the stomach. When you are afflicted with sour risings at night, Nerviline is a sure relief. For general use in the family, for over-indulgent meals, keep Nerviline on hand. 35c at all dealers.

Big Demand for Farm Boys

Waiting List of Six Hundred Farmers Reported at Guelph

Six hundred applications from farmers throughout Canada for boys sent to Viny Ridge Farm, Guelph, Ont., for placement are on file at the farm now, according to Superintendent W. Sarel. The demand for boys is so large that no party which has arrived this year has stayed at the institution for longer than 48 hours. Applications have been received from agriculturists in Alberta and Saskatchewan, and even one from Quebec. The groups this year, though not so large as 1926 are arriving more frequently, and the boys generally are of a better type.

DEBILITY DUE

TO INDIGESTION

Perfect Digestion Comes Through Rich, Red Blood

There can be no perfect digestion unless the blood is rich, red, and healthy. It is also true that there is no tonic for the stomach which does not first enrich the part of the body. The way, then, to tone up the stomach is to tone up the blood.

The many so-called stomach remedies merely try to digest your food for you, and do not touch the root of the trouble. It is to tone up the stomach so that it will do its own work as nature intended. There is no wonder in eating pre-digested food. Tone up your stomach and your appetite and digestion will soon be normal.

If your digestion is weak and your blood thin you need the help of Dr. Williams' Pink Pills to enrich the blood and restore strength. In addition to use care in the selection of your food and your stomach troubles soon pass away. Mr. Gordon Dundas, Peterboro, Ont., tells us follows what this medicine did for him. He says:

"Something over a year ago I was taken sick. I felt very miserable and lost weight. I was not able to sleep well and could not eat as I could scarcely retain anything in my stomach. I went to a local doctor who told me the fumes of the gas had got into my system. He gave me some medicine and told me I had better go to the country for a change of air. I did so, but I still felt listless and groggy, and had no ambition. On the advice of a friend I decided to try Dr. Williams' Pink Pills. I had been taking the pills long before I was beginning to rest better, and to eat fairly well. I kept on taking the pills until at the end of the seventh box I knew I did not need any more, as I had gained the weight I had lost, slept well and could eat anything. I have since had splendid health and cannot say too much in praise of Dr. Williams' Pink Pills. You can get these Pills from any medicine dealer or by mail at 50c a box from The Dr. Williams' Medicine Co., Brockville, Ont."

Teacher: "For men must work and women must weep. What is the meaning of that line, Tommy?" Tommy: "It means that men have to work to get money, and then the women have to cry before the men will divide it with them."

Prevent any chance of infection by using Minard's. Heals also.

MINARD'S
KIND OF
HEALS

Fined For Laughing

Display of Mirth Leads to Trouble in German Town

At Seitz, in Germany, laughter is liable to lead to trouble. A German couple, Herr and Frau Stanser, stepped out of a shop while the latter told her husband a funny story. The husband burst into a hearty cackle, whereupon a policeman, who was passing, charged the husband with disturbing the peace, and fined him a dollar on the spot.

This affront so amused Herr Stanser that he again burst out laughing. Before the tale of chuckle had ended he was being led away to the police court. A witness testified that he had not laughed but had "blasted like a steam."

This remark so tickled the laughing husband that he could not keep solemn no longer and enjoyed another hearty laugh. He was fined about \$2.50. Still with a smile on his face, Stanser handed the clerk \$10.00, telling the official to credit him with \$5.00 on his next laugh. "Contentment of court," said the bench, and find him \$12.50.

Wheat Pool Agency For South America

Western Canadian Wheat Pools Will Establish Selling Agency in the Argentine

W. J. Jackson has been appointed resident representative in the Argentine for the selling agency of the three Western Canadian wheat pools. He will leave for his new post of work early in September and will have his headquarters in Buenos Aires.

The appointment is the outcome of a meeting held by Mr. Jackson made to South America last year for the purpose of inquiring into the general conditions of the wheat trade in that country. It has since been decided by the wheat pools to be permanently represented there, and while the office will be of a somewhat experimental character it is intended to give it a thorough trial, in expectation of the two countries coming into fairly close relations as both producers and exporters of wheat.

Airships Terminal Planned

\$350,000 To Be Spent On Equipment in South Africa

Plans concerning the projected mooring mast terminal equipment for an airship terminal in the Union of South Africa are almost completed. It is agreed that the airship service shall be controlled by the Union's railway administration, that approximately \$350,000 will be spent on the mast itself. It is understood this will be located near Cape Town. The Government committed itself to the construction of a mast, as the Union's contribution to an inter-empire airship service.

Miller's Worm Powders are sweet and palatable, and, when used, show no hesitancy in taking them. They will certainly bring worm troubles to their end, and strengthen and invigorate the system, correcting the disorders of digestion that the worms cause, and imparting a new tone to the system most beneficial to development.

Sorting Mail in Air

British Air Ministry Is Making Test of Special Plane

An aeroplane specially designed for the rapid transport of mail is being tested by the Air Ministry. It will carry, besides the pilot and an engineer, a postal sorter, who will continue his work while flying at 100 miles an hour.

This latest type of mail aeroplane is fitted with parachutes, and instead of the usual tail skid has a steerable tail wheel, with powerful brakes to help pull the machine up quickly on alighting at small aerodromes. A central engine room contains two Napier engines, each of 500 h.p.

Nothing as Good for Asthma. Asthma remedies come and go but every year the sales of the original Dr. J. D. Kellogg's Asthma Remedy grow greater and greater. No further evidence could be asked of its remarkable merit. It relieves. It is always of the same unvarying quality which has made it famous for years. You know. Do not suffer another attack, but get this splendid remedy today.

Mapping Canada From the Air Since 1921 when aerial photographic surveys were begun by the Topographical Survey of the Department of the Interior, 25,000 square miles in Canada have been covered by vertical photographs and 127,740 square miles by oblique aerial photographs.

Canada's gross agricultural wealth is nearly eight billion, increased nearly three-quarters of a billion in three years.

The way to see the virtues of a trust is to become a stockholder.

Farmers Market Tour

An Exceptional Opportunity for Farmers of Western Canada to

Visit The Old Land

The British West Coast must ever remain the most desirable outlet for Canadian farm products. As a result of keen competition from other countries, it is vital that the Canadian farmer should become familiar with the market conditions. As very few agriculturally trained observers from this country have had this privilege, many would welcome the opportunity of making an intimate study of marketing conditions at first hand. There has, therefore, been organized a "Farmers' Marketing Tour" by the Department of Agriculture of the Canadian National Railways. This tour, which will be open to any Canadian farmer, will be of some seven weeks duration, leaving Halifax January 8, next, with a full month spent in the old land, during which important marketing centres in England and Scotland, and some of the farms where famous breeds of livestock have been developed, will be visited, with a side trip to Denmark for a study of co-operative marketing in land of its birth.

The tour originated by Dr. W. J. Black, director of colonial agriculture, and its natural resources, on the Canadian National Railways is being planned to provide the maximum of educational value, combined with all the pleasures of the ordinary sight-seeing tour. The study of conditions abroad by a large group of observers from the farms in Canada should have its practical results in the successful application of the knowledge gained on such a tour to the general improvement of the agricultural industry in Canada.

The tour is essentially for the Canadian farmer, any farmer anywhere in Canada, or anyone vitally interested in agriculture and marketing problems, and in the development of wider markets for Canadian products, may join the tour, and it will also be possible for women who are interested in any phase of agriculture to go.

The cost of the tour from the time of leaving Halifax, Canada, until return to that port will be \$500.00. This cost includes all ocean fares and meals, railway and bus fares in the old land, accommodation at good middle-class hotels, meals and ordinary costs incidental to the tour while overseas.

In addition, members of the party will pay their railway fare and cost of living expenses in the old land, and at special rates provided, and will be required to bear passport costs, Government railway and steamship tickets, and on board ship crossing the Atlantic, and personal expenses such as laundry, etc. The railway administration's expense of entertainment incurred by them, is covered.

Onboard accommodation is being provided by the White Star Line, Canadian Service. The party will sail on the steamship "Devonian" on Sunday, January 8th, the accommodation for the party being tourist class with run of the ship. The party will be made on the steamship "Alberta," sailing from Glasgow on February 19th, the accommodation for the party on this ship being tourist class. The accommodation and service on these well known steamships is excellent, and the party is assured of a pleasant and comfortable voyage. Members of the party will be able to remain long in the old land may arrange for similar accommodation on any later ship provided by the White Star Line office overseas.

Further information may be secured from the "Farmers' Marketing Tour" by communication with W. J. Black, Director of Colonization, Agriculture, Natural Resources, Canadian National Railways in Canada.

Insulin Capsules Made

Insulin capsules can be taken in capsules, according to investigators at the University at Breslau, Germany, who claim to have found a substitute for the pancreatic insulin. Hereafter the remedy for diabetes could not be given in the form of drops, powders or tablets, but must be injected under the skin. Prof. C. Minkowski, who conducted the method of giving insulin has been effective in a number of cases.

Alberta Fur Production

Official figures show that Alberta's total fur production for the fiscal year 1925-26 was valued at \$2,122,778.90. This represents a gain of \$90,000.00 over the preceding year, and Alberta is third place among the provinces in the value of furs produced.

A London school started primarily to teach languages, now finds most of its pupils American. Tourists who are anxious to acquire an English accent within a short time. A close second in popularity is a course in "curing" accents.

A new device an approaching train could be detected, and the driver a crossing light into a commanding position, rings a bell and displays a danger sign.

Minard's Liniment for insect bites.

Gum-Dipping

A Firestone Contribution to Economical Travel

The greatest enemy to the tire in not the chopped-up road, the broken pavement or the harsh grind of rough city streets—but heat, which is created by internal friction. Heat not only weakens the fabric, but also softens the rubber and causes blowouts and tire failures.

Firestone chemists and engineers knew that if they could find a way to eliminate this destructive heat and internal friction, the mileage-giving qualities of tires would be greatly increased. Such a method was found and called "Gum-Dipping."

The Gum-Dipping process is one of Firestone's contributions to economical travel—in insulates and impregnates every fiber of every cord with rubber, reducing internal friction and at the same time binding the cords together by a stronger union of rubber, thus giving greater strength and flexibility to the tire.

Firestone dealers everywhere—familiar with Gum-Dipping and its advantages—will gladly explain how thousands of extra miles are built into Firestone tires by this exclusive method. Take advantage of the Gum-Dipping process to lower your tire costs this year.

SOIL SCIENTISTS MAKE TOUR OF WESTERN CANADA

Regina.—Representing 20 different countries and 25 different languages, 120 soil experts from all over the world visited Regina and paid a visit to the experimental farm at Indian Head. The visitors were enthusiastic about the development of the country and spoke in glowing terms of the wonderful soil that is to be found in western Canada.

The visitors were recently present at the International Soil Conference, held in Washington, D.C., when delegates from practically every nation in the world were present. At the conference matters pertaining to soil formation and soil culture were discussed, and at the conclusion of the conference the Association of Soil Science delegates tendered the tour to the visiting delegates.

"You have most wonderful soil here," said one delegate from the U.S.A., "and, with judicious farming, it is safe to say that it would never be outworn."

Prof. Joel Intimati, that the Russian delegates seemed to be the most interested in the soil of Saskatchewan because it was very similar to that of their own country. "All the visitors were impressed by the excellent development of the country," said the Professor.

In speaking of the work of the Association of Soil Scientists, Dr. Shrier, who is one of the guides on the tour, said that the main object is to bring about a general classification of soils.

"Hitherto," said Dr. Shrier, "there has not been the necessary classification of soils, of which there are some 600 kinds, and our object is to have these so classified that each nation in the world will know what the other is talking about."

"On this tour," which is a complimentary one tendered to the visiting delegates to the convention, we have inspected all the different belts of soil in the U.S.A., from the cotton belts to the arid deserts, and we are now inspecting the grain belts of Western Canada.

"At each spot we touch a trench about six feet deep in the soil and we therefore are able to judge the quality of the sub-soil in that particular area."

Toronto Man

Captures Trophy

W. A. Hawkins Wins Prize of Wales' Prize at Blaisey

Blaisey, Eng.—Company Sgt.-Major W. A. Hawkins, Toronto, won the Prince of Wales prize in competition with hundreds of marksmen from all over the Empire. His score of 99 out of a possible 100 was highest recorded in the shoot which was with service rifles at 300 and 500 yards. He won the prize of \$500 and the National Rifle Association badge.

Hawkins won the King's prize in 1913.

Exceeds Official Estimate

Value of B.C. Agricultural Production Greater By \$2,000,000

Victoria, B.C.—Agricultural production in British Columbia last year totalled \$71,052,200 broke all previous records and topped earlier official estimates by \$2,000,000, according to final figures given out by Hon. E. D. Barrow, Minister of Agriculture.

The 1928 figure was an increase of \$5,268,695 over that of 1927 or a gain of 8.3 per cent., which, compared with the output ten years ago, it marked an advance of over one hundred per cent.

Floods in China

Shanghai.—More than 1,000 persons are reported to have been drowned and tens of thousands of people rendered homeless by floods in South Anhui province, according to belated reports received here. The floods are reported to have taken place July 6.

Manitoba Pioneer Dead

Winnipeg.—Charles W. Barker, 71-year-old pioneer of Manitoba, is dead here. Mr. Barker first came to Winnipeg in 1852 and helped to lay the Canadian Pacific line through the Crown-Nepean Pass. He was a native of Colborne, Ont.

Release Madame Borodin

London.—Madame Borodin, the wife of Michael Borodin, adviser to the Russian Government, who has been under arrest at Peking, has been released, according to the Daily Mail's Peking correspondent.

W. N. W. 1929

Will Execute Wife Of Naval Commander

Aided Husband in Espionage for Britain Is Soviet Charge

Moscow, Soviet Russia.—Mrs. Kiepkoff has been sentenced to death by a court martial. At Kronstadt, on the charge of aiding her husband, Commander Kiepkoff, in espionage for Great Britain, Kiepkoff, who formerly commanded a ship in the Baltic fleet, was executed by a firing squad recently after being found guilty of espionage. He was alleged to have confessed to giving a report to a British intelligence agent in Finland containing information on the condition of the Soviet armed forces, particularly the navy.

At the same time Mrs. Kiepkoff was sentenced to three years imprisonment for complicity. But the supreme court failed to confirm the sentence. She was then brought to trial before a court martial.

President of Alberta

Law Society Dead

Dr. Conybeare Was One of Leading Lawyers in Province

Lethbridge, Alta.—Dr. C. E. Conybeare, K.C., dean of the Lethbridge bar, died suddenly at his home, July 13. Heart failure was the cause. Dr. Conybeare was 67 years of age, was born at Little Siton, England, and came to Lethbridge in 1885 from Winnipeg. He had been Crown prosecutor here during the whole of his career in Lethbridge.

He was president of the Alberta Law Society, succeeding the late James Muir. Dr. Conybeare, besides being one of the leading lawyers in the province, was a leader in the Knights of Pythias and had been grand lodge officer for many years. He was also a poet and writer—some of his work, especially well known on Indian lore.

Editors Will Visit Prince

British Newspaper Men Going to Ranch at High River

Ottawa.—The party of British newspaper men and their wives that will arrive in Quebec on August 12 will pay a visit to the Prince of Wales ranch at High River, Alta., on August 24, according to word received here. It is expected that the Prince and his brother Prince George will be at the ranch at that time and that they will personally receive the visitors. The party will be the most distinguished newspaper group that has visited Canada since the Imperial Press Conference in 1920.

Sales Show Increase

Life Insurance Business in Canada Reaches High Record

Montreal.—Eighteen per cent. more ordinary life insurance was purchased in Canada during the month of May than in May, 1926, according to the Life Insurance Sales Research Bureau. During the month \$44,553,000 of new business was paid for by companies having in force 84 per cent. of the total outstanding business in Canada. This is the highest record ever made in any month with the exception of December, 1926, and May sales are only \$2,813,000 below the December record.

Put Ban on Sun Dance

Paynton.—The Indians began their sun dance a week ago on Poundmaker's Reserve nine miles south of Paynton. For several days Indians from the north had been coming in large numbers to take part or be spectators. Tuesday a R.C.M.P. officer from Battleford arrived and stopped the dance, which is forbidden by the Dominion Government. Four of the leading Indians were taken to Battleford and were later released.

French Armed Sloop at Montreal

Montreal.—The Ville D'ys an armoured sloop belonging to the French government, has enigmatically "dropped anchor" in the same country from steamships lying in the harbor, remained slowly in Montreal recently. She is under the command of Captain Emile Antoine, of the French navy, who paid a visit to the French consul immediately on arrival. She ship will remain here for a week, and will later proceed to Quebec.

Recount Elects Conservative

Winnipeg.—Dr. E. J. Rutledge, Conservative, was declared officially elected to the Manitoba Legislature following completion of a recount in the constituency of Minnedosa where he was credited with a majority of three votes over his Liberal and Progressive opponents in the night. The final figures gave Dr. Rutledge a margin of 14 votes.

Wild Animal Invasion

Cougars and Bears Reported Plentiful in Vancouver District

Vancouver.—The latest report in what seems to be a wild animal invasion of Vancouver and vicinity was that a woman had been a cougar in Stanley Park here. She was confident that it was not a dog or any large tame animal. Officials doubt that a cougar would be in the park but are combing the woods. A cougar was found in the park some years ago. Pitt Lake, some miles from the city, reports that two loggers were chased up a tree by bears. The animals were so numerous and bold around the camps in the district that they have broken into garages and taken food, scarcity of berries in the wild being given as the reason for the influx. A number of bears weighing from 100 to 500 pounds have been shot. Similar reports have been received from other localities. At Seymour the bruins have shown a taste for bacon, mutton and cheese. A number of goats have been killed. A bear was seen on the Burnaby Lake Interurban line near here, while three skunks were killed on the same line, necessitating fumigation of the Interurban.

GRAND TRUNK SHAREHOLDERS WANT TEST CASE

London.—Lord Arkwith, chairman of the Grand Trunk Railway, junior stockholders organization, at an extraordinary general meeting of the shareholders here, after resolutions had been passed asking for the conversion of the existing 21 shares into preference shares, pronounced that a meeting of the old Grand Trunk proprietors would be held to decide on what measures to adopt in the interests of those concerned.

Lord Arkwith suggested that the stockholders should provide money for the purpose of making a test case of their rights and after obtaining the opinion of Sir John Simon, who has been associated with other eminent lawyers in the matter, said the committee did not feel justified in abandoning the case without taking legal proceedings.

The resolutions passed at the meeting provided for the conversion of the existing 21 shares into preference shares with priority as to capital, the increase of the capital from 10,000 shares of £1 each to £25,000 by creating 50,000 new ordinary shares of a shilling each, and also providing for changing the organization's name to that of the Grand Trunk Junior Stocks, Limited.

The Grand Trunk Junior stockholders, several years ago, became incorporated as a private limited company whose objects were "to secure and obtain and receive compensation, as an act of grace or otherwise for the former holders of first, second or third preference and ordinary stock."

Ottawa.—The Canadian Government will not take any immediate action as a result of the decision of the Grand Trunk Railway junior stockholders' organization, it was officially stated here.

"The Government will meet the legal situation when it arises in definite form," Hon. C. A. Dunning, Minister of Railways and Canals said, after reading London despatches reporting the action of the stockholders.

Lunch Swimming-Pool Style

There's nothing like a bite to eat after a swim. At least that is what these young ladies maintain and from the general consensus of opinion they aren't far wrong.

The photograph was taken recently at the Chateau Lake Louise swimming pool and not the least of its attractive features are the two young ladies who decided that the invigorating water of the pool was too much for their appetites. The water admitted that serving lunch swimming.

STUDENTS FROM OLD COUNTRY AS HARVESTERS

Montreal.—Canadian Pacific steamship arrivals over the week-end—the Montrose, the Melita, and Empress of Scotland—brought over 1,500 new comers to be added to Canadian population. Practically the entire week-end's immigration quota will be absorbed by agriculture or domestic service.

A party of 50 students recruited from various universities and agricultural colleges in the British Isles is coming to aid in the gathering of the Western Canadian harvest. These first arrivals will proceed direct to Toronto, where they will be placed by the Ontario Government on provincial farms for a month's work. At the end of this period they will travel west to be absorbed in harvest work in Saskatchewan through the agency of the British Immigration League. This party constitutes only the vanguard of the student army to attack the western Canadian wheat crop. Up to three thousand students are expected.

Given Control Of Indian Reserve Roads

British Columbia and Federal Government Reach Agreement

Victoria.—By an agreement between the British Columbia Government and the Federal Government, made through Indian Reserves in the province will be owned by the Province. At present they are held by the Federal Government for its wards, the Indians.

The arrangement will be ratified shortly following negotiations between Hon. W. H. Sutherland, minister of public works, and the Federal authorities.

Insect Plague in B.C.

Grasshoppers Threaten Serious Loss to Agriculturists

Victoria, B.C.—Tons of poison bait are being sent out by the department of agriculture to combat threatened serious losses in agricultural areas of British Columbia from insects. Reported in their natural progress, by rain, grasshoppers are beginning to hatch out in millions while the clover root borer has appeared in the North Okanagan district, apparently from the State of Washington, where the insect makes clover-growing in some districts impossible.

Earthquake in Palestine

London.—The Daily Mail's Haifa (Syria) correspondent says that 600 persons were killed in the earthquake in Palestine and Trans-Jordan and that more than 700 houses in Jerusalem and the surrounding districts were damaged. These include the Greek convent and the Patriarch's residence on the Mount of Olives. A minister fell while a shock was receding prayers, killing him.

Divers Locate Valuable Cargo Genoa, Italy.—Divers have succeeded in locating the steamer Washington, which was sunk in October, 1917, by a German submarine while on the way from America to Genoa. They found the vessel at Canogoli not far from Genoa. The Washington had a cargo of copper worth \$60,000,000 which it is hoped to recover.

Rapid Transit Plans

American Railroad May Use Pullmans by Night, and Aeroplanes by Day

Washington.—The statement of William P. MacCracken, Jr., assistant secretary of the department of commerce for aviation, made at Cedar Point, Ohio, that five railroads are planning to use aeroplanes to supplement their service caused much comment here. The Government will encourage the carriers in this program.

Railroad managers have in mind a part rail and part air trip from New York to the Pacific coast. It was pointed out it would soon be possible for a person to travel by train from New York to Chicago by night, take a plane from Chicago to Salt Lake City by day, and shorten the time to the coast materially. This is only one of the long jumps that can be made Pullman by night and aeroplanes by day. This sort of combination transportation it is believed will become popular within a few years.

Hog Grading Regulations

Owing to Criticisms New Ruling Will Not Be Enforced at Present

Ottawa, Ont.—As a result of criticisms received by the department of agriculture in connection with the new hog grading regulations, it has been decided not to put them into effect until August 1, or later.

In addition to the need of changes in the regulations, there are administrative difficulties in the way. It is understood that some of the parties, whose co-operation is essential if the grade of hogs is to be carried back to producers, are not now willing to assist in the scheme, several conferences will have to take place before the problem will be solved. Meantime the whole situation will be discussed at a meeting of the swine committee, to be held in Regina on July 15. The federal department will be represented by L. C. McQuat, of the livestock branch.

Ontario Wheat Pool

Eastern Provinces Has Affiliated With Western Organization

Toronto.—For the purpose of marketing its product, the newly formed Ontario Wheat Pool has affiliated with the similar organizations in the three western provinces and, it is expected, will soon have representation on what is known as the Central Selling Board for the western pools. Members of this board have arrived in Toronto to complete arrangements. The members of the board will sit in the federal department on what is known as the Central Selling Board for the western pools. SPLENDID TRIBUTE TO THE
LATE DR. CONYBEARE

(The Lethbridge Herald)

Of the late Dr. Conybeare it can well and truly be said that during the time he was known in the city in which he had made and built his home and lived for over forty years he was the "white flower of a blameless life." This will be the recollection he leaves behind him among all those who knew him. Coming to Canada, in the life he mapped out for himself in a new land, he became the "architect of his own fortunes" and, though it was not left for him to attain a high place in the public life of the country, he built up the reputation of integrity and honesty, and this is the greatest gem of a man can earn when he quits life's pilgrimage. He was held in esteem, and respect in the community in which he lived close to half a century, bearing a name without blemish.

In the position he held as crown prosecutor and as chancellor of the diocese of Calgary, the late Dr. Conybeare can be said to have served church and state. He was liberal in the views he held and not tied to any political or social fetish. A man of simple taste, he lived the simple life, devoting his time and interest outside his particular calling to the ideals of humanity, as shown in his strong attachment to the Order of the Knights of Pythias. He upheld the ideals of the order in the principles on which it was founded and stayed staunch to its precepts.

The late Dr. Conybeare has left a gap in the life of the city. As one of the early pioneers he bore the burden and heat of the day, not losing sight, in the primitive surroundings of those early days, of the literary graces which gave life a meaning. These he cultivated, and gave to a life of work an ennobling recreation. The humanity of the man, the prime stirring qualities which he possessed, showed themselves in his attachment to the dogs he had, an attachment which amounted almost to devotion.

Dr. Conybeare has passed on to the goal which awaits all men. He has left his vineyard of life worthily tilled. There was nothing spectacular in what he did, but there was something more than this in the labors to which he gave himself in playing the game and meeting and fulfilling the responsibilities of those which came to him in the sphere he served. His life was in many ways a life of service, giving to that service whatever abilities he possessed. He has the reward of an affectionate and honorable memory.

PASSENGER CATAPULT
PLANNED FOR LINER

NEW YORK, June 23.—Passengers will soon be catapulted in seaplanes from the deck of the Ile de France, latest addition to the French Line fleet, to cut short the voyage across the Atlantic ocean. It was announced in a cablegram to the French Line today.

The cablegram came from the Ile de France, which is enroute to America on her maiden voyage. The plans call for the seaplanes being shot from the liner off the Grand Banks, whence they will carry passengers to "seaboard cities of the United States and Canada. The seaplanes will be part of the ship's regular equipment, but will not be added until the liner has made several trips.

The Cadillac Cafe at Fischer Creek has recently changed ownership.

ATTENTION TO NERES OF
YOUTH IS STRESSED IN
CONVENTION ADDRESS

CUNNINGHAM O. July 12.—Let us display greater interest in the boys and girls of today by bringing more attention to proper use of their time and surplus energy through playgrounds and recreation centres, where they are developed with due consideration for others."

This was the appeal of Charles H. Grahelow, grand exalted ruler of the Benevolent and Protective Order of Elks at the sixtieth-third national reunion here.

"To live a well-balanced life," he continued, "one must be engaged in a calling in which one finds the greatest pleasure and success, but no career is successful nor well balanced, unless the individual is filled with a desire to assist others less fortunate than himself.

"Our order has two main reasons for its existence, charity and patriotism. Can you think of a better way to apply helpfulness than in helping people over the rough spots and making them self-supporting and thereby self-respecting citizens. We have reason to feel happy in our organization's contribution to the development of our communities, our State's progress and our Nation's security.

"We have accomplished this by keeping our lodge interesting and continuing to make it the civic centre of our community, inviting all members to support worth while movements whether launched by Elks or not, so long as they are for the betterment of the community and its people.

CARD OF THANKS

Mr. and Mrs. John Bovio, of Bellevue, wish to thank their many friends for their numerous expressions of sympathy and floral tributes, and to Seconda Battistino and Steve Bovio for their generosity at the time of their bereavement.

Following is a list of floral tributes: Sprays—Mr. and Mrs. George Chiaravano and family, Esther and Albert, the Christie family, Mr. and Mrs. Clayton, Mr. and Mrs. George Coupland, Mr. and Mrs. John Curry and family, Mr. and Mrs. DeCillia Mr. and Mrs. C. Emerson and family, Pete Gianina, Mr. and Mrs. Watts Goodwin and family, Mr. and Mrs. S. T. Humble, Johnson & Cousins, Mr. and Mrs. Nanson, John and Henry, Mr. and Mrs. William Prescott, Mr. and Mrs. J. Radford and family, Mr. and Mrs. S. Rosia and family, Mr. and Mrs. G. K. Siret, Mr. and Mrs. J. Talareo, Mr. and Mrs. F. W. Utley and Bobbie, Johnnie's Boy Chums, Mr. and Mrs. Avelardo, Mr. and Mrs. Barbero and family, Mr. and Mrs. Blinston, Joe and Robert Cardinal, Blairmore. Wreaths—The Bovio family; Mr. and Mrs. P. Aschacher, Blairmore; Mr. and Mrs. F. Bacco, Salt Lake City, Utah; Mr. and Mrs. J. Bolettino and family, Salt Lake City, Utah; Mr. and Mrs. Bosetti and family, Hillcrest; Mr. and Mrs. A. Brunetto and family, Blairmore; Mr. and Mrs. William Cole and family; Mr. and Mrs. V. Garisina and family, Calgary; Mr. and Mrs. G. and Mr. and Mrs. F. Maracco, Salt Lake City, Utah; Mr. and Mrs. Mike Favero and family, Mr. and Mrs. Fidenato, Mr. and Mrs. Iorio and family, Mr. and Mrs. A. Monty, Mr. and Mrs. Sam Rowe, Nastasi & Morabito, Mr. and Mrs. J. Serra and family.

SOVIET GOVERNMENT
BUYING HORSES

Representatives of the Soviet government have been in the province during the past week arranging for the selection of the horses which are to go from Alberta as part of the 4000 head being purchased in Western Canada. This is the largest single deal of its kind since before the war. The first shipment of some 1400 head is expected to go forward from Quebec about July 15th, on a Russian boat sent over specially for this purpose.

JESSE CAHEN IS
UNITED AT MACLEOD

The historical cairn erected at Macleod by the Dominion of Canada in commemoration of Fort Macleod and the coming of the North West Mounted Police in 1874, was being unveiled by the senior veterans and their wives, Colonel James Walker of Calgary, on July 1st. The colonel, representative in the bright scarlet and gold uniform of the police of those days, with helmet and flowing plumes, first inspected the guard of honor formed by ex-members of the N.W.M.P. under the command of Sergeant Major Armer, also veterans of the Great War under command of Capt. J. S. Lambert.

Colonel Walker shook hands with several of the ex-mounted policemen who were in the force with him in the seventies, among the oldest being Edward Larkin, formerly of the Irish Constabulary, who joined the police in '74 and came up west with them in '74, and whose regimental number is only a few more than the colonel's, and who, in spite of his 87 years, stood smartly in the line, erect and straight; and shook hands smartly with Colonel Walker, who was more than pleased to meet his old comrade.

Among the other police veterans of the seventies and eighties were M. Gallagher, T. H. Stedman, D. J. Grier, J. Alexander, D. Cummings, S. McCrea, E. F. Brown, W. Armer, T. Drinkwater, H. Bates, E. Larkins, T. Clarke, J. Ryan, T. Stockton.

At the conclusion of Colonel Walker's unveiling address he pulled the scarlet and gold ribbons handed to him by Captain D. W. Davis, and the huge Union Jack draping the cairn fell to the ground, while the guard of honor came smartly to the present as reveille was sounded by the trumpeter.

Mr. Justice Clarke, of Calgary, then gave a stirring address befitting the occasion. He showed the importance of the day and the wonderful progress Canada had made since the confederation of sixty years ago. Judge Clarke eulogized the Mounties of the early days as the men who had made it possible for us of the present day to live in peace and comfort in the great Canadian west.

FIELD AND TRACK
CHAMPIONSHIPS

The Alberta amateur field and track championships and the Olympic trials for the western section will be held under the auspices of the Canadian Legion, B.E.S.L., and the Edmonton Police Amateur Athletic Club at the south side athletic grounds, Edmonton, on Monday, August 28th. There will be some seventeen events for men and no less than seven championship events for women, including the following:

Men's events—100 yards run, 220 yards run, 440 yards run, 880 yards run, one-mile run, five-mile run, 120 yards hurdle, pole vault, running high jump, running broad jump, running hop-step-jump, 16-lb hammer throw, 16-lb shot throw, 56-lb weight distance throw, 28-lb weight distance throw.

Women's events—100 yards run, 220 yards run, 880 yards run, four 100 yards relay, running high jump, running broad jump, 60 yards hurdle, etc.

The events are open to bona fide amateurs, holding amateur cards and with bona fide residence of two months in the province. Entries close on July 25th. Rules of Amateur Athletic Union of Canada to govern in all cases. Entries may be made through Sergt J. Leslie, 10123 98th Street, Edmonton.

R. Wootton was listening to a local singer, who is quite ambitious, taking a singing lesson from her teacher. "Quite good work," said the teacher, "your enunciation is not good; I would like to hear an 's' or two." "Great job," said Ralph, "if that bird knew anything about music, she would know there's nothing 'higher' than G!"

BLAIRMORE UNITED CHURCH
Rev. J. V. Smith, Pastor

Services for Sunday, July 23rd—Morning School at 11. Young people are especially invited to the morning school. The subject for discussion will be "Modern Missions and the Pace Problem."

Afternoon School at 2. After the lesson is taught, Mr. Smith will tell the boys and girls another story.

Evening Worship at 7.30. The singing will be led by the Young People's Choir. Mr. J. R. Gresham will have charge of the service. Give Mr. Gresham the inspiration of your prayerful presence.

The following is a brief report of the picnic held by the Busy Bees on Wednesday afternoon. This report is written by one of the young members. "There were only some of the Busy Bees, the teachers, Flora Warner, Gwen McDonald, Mrs. Houghton and the baby at the picnic. We started at eleven o'clock a.m. to P. Burns Falls. When we reached there we went in the water for a while and then had lunch. For lunch we roasted weiners and had the rest of our lunch. We were told to sit down and Mammie Hamilton had her shoes and socks off and went in the water. Flora Warner went after her and she was running along the bank and fell splash into the water, which was fun to us. There were other little things done just for fun. We reached home about half past five and we had a very nice time." The Busy Bees were formed last fall by Mrs. Warner and Mrs. Womersley and since that time have done considerable work beneficial to the church. This spring they put on a sale of cooking, fancy work, etc., which netted a nice sum that was turned over to help pay off the debt on the church piano.

A meeting of the Sunday School teachers was held in the church last evening, when matters relative to Sunday School work was taken up. The most important item was the arrangements made for the annual picnic. This will be held on the athletic grounds on Wednesday afternoon next, July 27th. All children, members of the Sunday School, will meet at the grounds at 1.30 and will bring cups and mothers are invited to come and bring a basket. A programme of sports is being arranged and a splendid time for the children is anticipated. Any particulars can be had from Mrs. R. Dicken, convener of the committee in charge.

The Sunday School will, in the near future, be equipped with a daylight lantern slide system for the singing and also for lecturing purposes. Rev. Mr. Smith has a lantern and it has been decided to procure a daylight screen. This should prove a great benefit to the Sunday School.

The Junior Choir led the singing at the evening service on Sunday last, and for the short time they have been practicing did very well indeed. Rev. J. V. Smith will have charge of the evening service at the Bellevue United church on Sunday evening next. Mr. J. R. Gresham will occupy the pulpit in Blairmore—on that occasion.

A Calgary bride asked her husband to tune in and copy off a radio recipe she wanted.

He did his best, but got two stations at once, one broadcasting the morning exercises and the other the recipe. This is what he took down:

"Hands on hips, place one cup of flour on the shoulders, raise knees and depress toes and mix thoroughly in one-half cup milk. Repeat six times. Inhale quickly one-half teaspoon baking powder, lower the legs and mash two hard-boiled eggs. Exhale, breathe naturally and sit into a bowl."

"Attention! Lie flat on the floor and roll the white of an egg backward and forward until it comes to a boil. In ten minutes remove from the fire and rub smartly with a rough towel."

"Breathe naturally, dress in warm flannel and serve with fish soup."

The Elks' carnival at Red Deer netted between \$1200 and \$1300.

"Now you understand, Bridget, the jelly's to be served next to the last."

"But, faith, Missus, ye told me the blemish'd thing was moulded, so I throwed it out."

"I wish I was as religious as Abie."

"And why?"

"He clasps his hands so tight in prayer he can't get them open even when collection box comes around."

They're picking up the pieces With a dust-pan and a rake, Because he used his horn When he oughta used his brain.

Visitor to local jail—"What is your name?"

Jailbird—"I'm convict No. 999."

Visitor—"But that isn't your real name?"

Jailbird—"No, it's me pen name."

C. CANET.While a Scotchman was looking for
a lost ball on the Calgary municipal
golf links last Thursday, some thief
stole his bag and set of golf clubs.**LOADING-YOUTH**
IS NEW MENACE

KANSAS CITY, Mo., July 9.—

Loading youth rather than flouting
youth now has become the concern of
educators. Coddled and pampered
boys and girls, whose solicitous par-
ents want to save them from the
hardships they themselves endured,
constitute a grave moral and indus-
trial problem in the opinion both of
Miss Jessie Burrall, of St. Stephen's
College, Columbus, Mo., and of John
Brown, president of the John Brown
School, Siloan Springs, Ark.
Miss Burrall believes the American
home is breaking rapidly, largely be-
cause there are too many "mammy's
boys" being reared.Mr. Brown believes both boys and
girls are being educated in idleness
both in the home and in the school."The American parents are to
blame," he said. "They don't want
their daughters to learn to cook.
They don't want their sons to work.
Above all, not to work as hard as
they have."Mr. Brown pointed out, that with
present immigration restrictions the
number of skilled workers is being
decreased and the nation is making
no provision to educate or train per-
sons to take the place of these crafts-
men.**TANK TOWN STUFF**A travelling man visited a certain
small town and sold the proprietor of
its general store a bill of goods.
When the stuff arrived it was not as
represented, and the merchant con-
sequently returned it.But the company nevertheless at-
tempted to collect the bill, and drew
a sight draft on the merchant
through the local bank which re-
turned the draft unendorsed. The
wholesaler then wrote to the post-
master about the financial standing
of the merchant, and the postmaster
replied that it was O.K. Finally they
appealed to the local attorney to col-
lect the bill, and received this reply
by return mail:"The undersigned is the merchant
on whom you attempted to palm off
your worthless goods. The under-
signed is manager of the local bank to
which you sent your sight draft. The
undersigned is the postmaster to
whom you wrote, and the under-
signed is the lawyer whose services
you sought to obtain for your nefar-
ious business. If the undersigned
were not also the pastor of the
church at this place, he would tell
you to go to hell."**THE LATEST TAIL OF A COW**Mr. Park Evans, the editor of the
Gleichen Call, is advertising a cow
for sale and describes her as follows:
"Some months ago I purchased from
my friend, a young pedigreed cow.
I want to sell her, owing to the rheu-
matism in my left leg, caused by her
kicking at the fence post and striking
me. When I purchased her, she was
very wild, but I have succeeded in
taming her, so that I can now peep
through the corral without her tear-
ing the gate down. To a man who is
a good Christian and does not fear
death, she would be a valuable cow.
But I want to sell her to someone who
will treat her right. She is one-
fourth southern, two-fourths hyena,
and the balance just ordinary cow.
She will be sold cheap for cash."A foreman in a certain factory is
in the habit of having an apprentice
heat his lunch for him. The other
day he called a new apprentice. "Go
downstairs and 'eat up' my lunch for
me," he ordered.The boy obeyed with alacrity.
Ten minutes later the foreman
went down. He was hungry. "Where's
my lunch?" he demanded.The boy gazed at him in amaze-
ment. "You told me to eat it up, and
I ate it.""I didn't tell you to eat it up,"
roared the irate foreman, "I told you
to 'eat it up!'""Well, I didn't eat it up," main-
tained the youngster, stoutly; "I ate
it cold."**ADDITIONAL LOCALS**Mr. French, representing the Loyal
Protective Insurance Company, is a
visitor to the district this week.Mr. and Mrs. Cliff Church and Mr.
and Mrs. Popham, of Pincher Creek,
were visitors to Blairmore last-week
end.Plans are being made for the erec-
tion of a monument to the memory of
the late Father Lacombe at St. Al-
bert.According to one of our exchanges,
Mrs. Sangster and children were vis-
itors to the Calgary stampede last
week.Rumor has it that a weekly paper
published at Claresholm has decided
to install a Frigidaire outfit—to keep
news from getting stale.Rev. W. H. Irwin, of the Macleod
United church, has left for his old
home in Clinton, Ontario, owing to
the illness of his mother.Miss Fern Palmer, who has been
teaching at Lacombe, returned to her
home at Claresholm on Monday, to
spend the summer vacation.James McGregor Demoon, second
son of Rev. Dr. and Mrs. A. H. De-
noon, died at New Glasgow, Nova
Scotia, on Wednesday morning.A man who can speak six lan-
guages has just married a woman
who can speak three, and the King-
ston Whig-Standard remarks that
that seems to be about the right han-
dicap.The first of a series of weekly
dances being staged under the aus-
pices of the Elks' dance committee,
takes place at the arena tomorrow
night. Mrs. Altematt's popular or-
chestra will furnish music.One night a Nebraska preacher
sternly roared, "When those young
men in the rear get through flirting
with girls I hope they will give me
a chance," and he wondered why the
congregation laughed softly.The contract for a reinforced con-
crete retaining wall adjoining the
school grounds at Coleman has been
awarded to J. S. D'Appolonia at a
price of \$3600, to be borne jointly by
the school district and town.Rev. H. J. Bevan, accompanied by
two Coleman lads, came down by the
local on Tuesday and undertook to
climb Turtle Mountain. They reached
the summit in good time and returned
late in the afternoon, somewhat tired.The little girl had done unusually
good work in the second grade and
was promoted to the third. Upon
meeting her teacher, whom she loved
dearly, her first words were: "I wish
you knew enough to teach me next
year."Ross Powell, for six years prin-
cipal of the Coleman schools, has re-
signed to take a position on the staff
of central school at Calgary. Mr.
Powell has been very successful at
Coleman and his resignation is re-
gretted.Jimmy Collins, a Pincher Creek
boy, carried off some of the honors
for horse riding at the Calgary stamp-
ede. In the seventh race—one and
one-sixteenth mile for three year olds
—Jimmy came in first, his share of
the purse being \$280.Charles W. Barker, seventy-one
year old pioneer of Manitoba, died in
Winnipeg last week. Mr. Barker first
came to Winnipeg in 1882 and helped
to lay the Canadian Pacific line
through the Crows' Nest Pass. He
was a native of Colborne, Ontario.The Anglo-Newfoundland Develop-
ment Company, in conjunction with
the American Smelters Corporation,
will open a lead and zinc mine at
Ladlan Lake, Newfoundland, where a
huge deposit of mineral has been dis-
covered, estimated as worth \$250-
300,000.A young clerk asked his merchant
boss for a raise so that he could get
married; but the boss refused, thus
doing a great act of charity.**THE NOON HOUR**Bill Harrison says: "A woman's
only a woman, but a good cigar's a
smoke.""Modern Dad"—"I must get up early
in the morning, son. Wake me when
you come in."Bill says: "A boss is a boss, but a
good-looking stenographer is an asset
to any business."1927—"Let's go over to Europe for
the summer." 1937—"Let's go over
to Europe for the week end."The tale is told of a Missouri pio-
neer who sawed his way out of jail
with a freshly-laundered collar, and
everybody will believe it.Wife: "If I were to die, what would
you do?"Husband: "Oh, the same as, you
would yourself."Wife: "You wretch! I have always
suspected it."The circus proprietor was anxious
to engage a dwarf, and an agent had
assured him that he could put him
in touch with the very man."You're sure he's a real midget?"
asked the showman."Real midget, my boy!" exclaimed
the agent. "Why he's so short that
every time his feet ache he thinks
he's got neuralgia!"A local teacher was trying to im-
press upon her pupils the importance
of doing right at all times, and to
bring out the answer "Bad habits,"
she inquired:"What is it that we find so easy to
get into and so hard to get out of?"
There was silence for a moment,
then one little fellow answered:
"Bed."**The Reason**The inspector was paying his month-
ly visit to the village school. He ex-
amined the children in reading and
general knowledge, as was his cus-
tom, and was very pleased with the
answers he received.After the last question had been
asked and answered satisfactorily, he
rose to his feet and remarked: "I
wish I were a little boy at school
again."He allowed a few moments for this
to sink in, and then added: "Do you
know why I wish that?"For a moment or two there was
silence, then a small boy at the back
of the room was heard to say: "Cos
you've forgotten alk you ever knowed."A by-law to appropriate money for
the building of a closed-in curling
and skating rink has received first
and second readings by the town coun-
cil of Nanton. A vote of the bur-
gesses on the question will be taken
on August the 5th. The proposed
building is to cost around \$10,000.Heirs have been found in the Mac-
leod district to a valuable estate in
the business portion of the city of
New York. The site of the Wool-
worth building, with similar prop-
erties, is involved, and the interests of
local heirs are being attended to by
Macleod legal talent.—Macleod Times.**A WHISKY ESPECIALLY

WORLD HAPPENINGS
BRIEFLY TOLD

W.H.H. The Prince of Wales will visit Vancouver and Victoria after August 10.

The population of Edmonton, as shown by the official city census figures made public today, is 67,032, an increase of 1,250 over the Dominion Government totals of last year.

An increase in wages and adjustment of working rules is sought by Canadian National telegraph employees, who started negotiations with the management through the International union representatives.

The New York Herald-Tribune says that Colonel R. Rex Remond, former officer of the Lafayette Escadrille and World War ace, announced that he would attempt a flight to Paris and return in 24 hours. The hop will be made in September, he said.

It is possible that Australia's 1931 exhibition may be a British Empire character. There is a suggestion that the King may be invited to open it, but, as His Majesty is unlikely to go, the Prince of Wales will be invited to perform the ceremony.

Homeless entries for the first five months of the present year in the four western provinces total 2,261, as against 2,331 for the corresponding five months of last year. Saskatchewan heads the list with 1,038 entries, followed by Alberta with 913. Manitoba with 273, and British Columbia with 37.

Mr. Hon. Ramsay MacDonald, leader of the Labor party in the United Kingdom, will not accompany Hon. Charles Dunning and party to the Hudson Bay this summer. Mr. Dunning is, as yet unable to fix a time for his trip. He has not yet heard from Frederick Palmer, the port engineer, will reach the capital.

Twenty-five thousand ponies, sent by the Canadian Government for free distribution in England, arrived in Liverpool on the liner, *Alberta*. A staff of girls sent by a London florist immediately began the task of transferring bunches of flowers to 2,500 cardboard boxes for despatch to members and officials of public bodies all over the country.

To Colonize Palestine

Canadian Zionists Subscribe to Large Funds for This Purpose

Plans for the colonization of Palestine and for the restoration of the native land to the Jews met with unanimous approval of the delegates who attended the 21st convention of Canadian Zionists in Winnipeg.

The situation in Palestine, conditions as they are today and as they were half a century ago were vividly told to the delegates by M. Ussishkin, chairman of the world national fund for restoring Palestine to the Jews, and other noted Zionist leaders at the concluding session of the convention. A million dollar fund is being collected for the purchase of land in Palestine and at the convention more than \$300,000, the quota set for the Canadian Zionists was subscribed. Mr. and Mrs. J. Freeman, of Ottawa, chairman of the Canadian council, and president of the Hadasah, the women's organization, respectively opening the fund with a subscription of \$50,000.

Is Still To Come

Day Of Farmer Has Not Passed in Canada

Eventually Canadians and especially those born and raised outside the big manufacturing centres, will realize that modern industry has its ups and downs, and the high wages of one year may be followed by near-starvation the next. It is then that the wanderer turns to the farmstead and probably does some deep thinking regarding the future. The day of the farmer has not passed in this land; it is still to come. At the present time the tiller of the soil may not be striving a rapid road to fortune, but at least he has independence and with few exceptions, has little worry about his means of livelihood in the future.

Shelley the poet, so enjoyed watching the progress of a paper boat on a stream that he is said to have fashioned one from a fifty pound note on one occasion when he had no other material.

Almost any one will take your advice, but one out of a hundred will generate faith enough to use it.

The important event in many a man's life is an accident—the accident of birth.

About the only way to convince a contrary man that he is wrong is to agree with him.

W. N. U. 1850

Weird Trip On Mountains

Hazards of Mountain Climbing in District Near Jasper

Three first ascents of peaks in the 11,000 foot class and the opening up of a new route to one of the 12,000 foot class peaks of the great Columbia range, all accomplished in 26 hours of strenuous climbing, much of it done at night under dangerous ice and snow conditions, and bitter cold, using lantern and flashlight to guide them, is the record set up by Alfred J. Osthelmer Jr., and guide Fuhrer, members of the American scientific party which will explore the Columbia ice-field, "Root of the Continent," this summer.

Word of the success of this arduous adventure was sent to Jasper by courier from the edge of the Columbia ice field, as the party retired before plunging once more into the vastness of this practically unknown area.

Later, Osthelmer and Hans Fuhrer, one of the guides, undertook one of the wildest trips in the annals of Canadian mountain climbing, reaching the edge of the Columbia ice-field in a blizzard, and climbing the North Twin, 12,055 feet, the third peak in the range.

Marching all night, they made a successful ascent of Mount Stufeld, 11,370 feet, and in danger of freezing if they stopped, plunged on and went by lantern and flashlight over the breaking ice-field.

At 2:10 a.m. they reached the summit of Mount Kitchener, 11,550 feet, crossing the Dome, 11,540 feet at 4:10 a.m., and so back to camp after 36 hours steady climbing.

Layette for the New Baby

Clothes for the new baby may be made with a great saving of time and trouble, when using the pattern for this layette. Every garment required in the new baby's wardrobe is included. The first long dress, of soft nainsook is made dainty with tucks, and a yoke with touches of embroidery. A second dress of the same material has tucks running into the shoulder, embroidery, and narrow lace trimming the neck and sleeves. A girlish skirt, buttoning on the shoulders is worn beneath the dress, and to provide extra warmth for cool days a burrow-coat of soft wool with shaped top should be worn. A diaper-band, shirt with kimono sleeves buttoning up the front, together with nightgown having extension buttoning from back onto front, completes this layette, which is cut in one size only. Dress requires 1½ yards of 36-inch material, nightgown 1½ yards, straight petticoat, 1½ yards, shirt ¾ yard, diaper-band ¾ yard. Price 20 cents.

Many styles having a smart appeal may be found in our Fashion Book. Our designers originate their patterns in the heart of the style centres, and their creations are those of tested popularity, brought within the means of the average woman. Price of the book 10 cents the copy.

M.B. MURPHY

Terminal Superintendent Canadian National Railways, Winnipeg, who is transferred to Hornby, Ont.

Relief For Ex-Service Men

Important Changes In Regulations Are Announced From Ottawa

Important changes in regulations of the soldiers' civil re-establishment department are announced by Dr. J. H. King. Covering a wide variety of subjects these changes will advantageously affect a considerable number of ex-service men, remove certain grievances and provide, in part at least, for the future of those who through no fault of their own, find themselves in need during their declining years, the department states.

The Last Post Fund will be assured sufficient federal assistance to allow honorable burial to any Canadian ex-soldier dying in indigent circumstances and otherwise coming under the regulations of the fund.

Last session resolutions were presented to the government by various veteran organizations asking for extension of terms of the pensions act. Many of these resolutions have been complied with and a number are now under consideration.

A special committee has been appointed by the department of justice for the revision of all statutes. This committee will report as to the possibility of handling the revision of the pensions act, and if it does not consider it possible then the Government will consider the appointment of a special committee for that particular purpose.

London Is Air Port
London, Ontario, is not an air harbor. Though efforts on the part of the chamber of commerce an ideal air-field site has been taken over and, within a month's time, will be completely equipped and marked so as to provide an air depot available to all planes that seek London as a stopping place.

Canadian Is Appointed

Dr. B. T. Dickson, professor of botany at McGill university, Montreal, has been appointed by the Commonwealth Government as chief mycologist of the council of scientific and industrial research, Australia.

Canada Rich In Minerals
Canada now possesses some of the greatest mineral deposits in the world. These include the wonderful Creighton mine, the richest nickel deposit known, and the Frood, in Ontario, the Flin Flon in Manitoba, with ore reserves approaching \$300,000,000; the Sullivan, the greatest lead zinc deposit yet uncovered; and the new galena discovery on the Inglenia River, Northeastern British Columbia, to say nothing of the Rouyn area in Quebec, which carries copper values higher than any others so far found.

Comets Baffle Astronomers

Laws That Govern These Bodies Are Still a Mystery

Comets are strange bodies that baffle even the minds of those behind the huge telescopes in the observatories. Travelling at a dizzy speed they rush toward the sun, travel around it, and then return to the distant spaces from which they emerged.

Edmund Halley, an English astronomer, began studying the orbits of comets, and in 1682 he calculated that the comet then visible would return in 1758. When in December of that year the comet did reappear, scientists realized that Halley had made an extremely important contribution to the study of comets, and this particular one was named after him.

With Halley's computations, the study of comets was rendered infinitely more simple than it had been previous to his time. There still remains the question as to how these swift travellers begin their journey, and what their significance may be, is a universe governed by inexorable laws. Scientists have yet to discover the unknown laws that govern these bodies, for they seem sometimes to flout those laws already known.

Wheat Pool Agency For South America

Western Canadian Wheat Pools Will Establish Selling Agency In

The Argentine

W. J. Jackson has been appointed resident representative in the Argentine for the selling agency of the three Western Canadian wheat pools. He will leave for his new field of work early in September and will have his headquarters in Buenos Aires.

The appointment is the outcome of a scouting trip that Mr. Jackson made to South America last year for the purpose of acquiring into the general conditions of the wheat trade in that country. It has since been decided by the wheat pools to be permanently represented there and while the office will be of a somewhat experimental character it is intended to give it a thorough trial, in expectation of the two countries coming into fairly close relations as both producers and exporters of wheat.

SUNDAY SCHOOL LESSON

JULY 31

DAVID AND GOLIATH

Golden Text: "Jehovah is the strength of my life; of whom shall I be afraid?"—Psalm 27:1-6.
Lesson: 1 Samuel 17.
Devotional Reading: Psalm 27:1-6.

Explanations and Comments

1. The Philistine Peril and Goliath's Challenge, verses 1-11.—The armies of the Israelites and of the Philistines were encamped on opposite heights of the Valley of Elah. Every morning and evening for forty days a Philistine giant named Goliath stood forth and challenged the Israelites to settle the matter by single combat, saying: "I defy the armies of Israel; give me a man that I may fight against him. If he is able to fight with me, and kill me, then will we be your servants; but if I prevail and kill him, then shall he be your servant and serve us." The Israelites were utterly dismayed. When they saw Goliath approaching, they fled.

"Goliath boasted of just the things in which men are prone to boast to-day. He had strength, height, and height was his chief glory. He had done all they could for him, and he was a type of animal perfection. He had splendid military equipment—a helmet of brass, a coat of mail and a spear like a warrior's. Surely, if his material equipment determines combat, the shepherd-herd from the hills of Bethlehem was annihilated. And he enjoyed the enthusiastic confidence of the Philistines. He was his nation's pride and glory. He strode out amid the shouts, and the cheers were like iron in his blood. But all this counted for nothing, because God was against him."

"Men and nations may attain to a fine materialism. Their warfare equipment may satisfy the most exacting standard, and yet, with God against them, they are as structures of woven out of mats, and they shall collapse at the touch of apparent weakness. The issue was not Goliath versus David, but Goliath versus God!"—J. H. Jowett.

Queer Service In

Continental Hotels

Traveller Tells of Experiences in Different Countries

Arrived at a big hotel in Athens some month back I booked my rooms and was shown into my bedroom. There were no clothes on the bed, no keys to the drawers, no towels for washing, soap, no water for washing and no jug or basin in which to hold water. I protested that the room was not furnished. I was told that it was. The visitors always brought their own bedclothes, a soap, towels, and toilet articles in a soap wash-up room. So a traveller tells of his experiences to the London Daily Mail.

A couple of months ago, this traveller continued, I spent a fortnight in a small hotel on the west coast of Wales. There were enough bedclothes on the bed for a trip to the North Pole. There was a key for every drawer, plenty of soap, towels and water. There were brushes, combs, pins, safety pins, half-pins, needles, cotton, candles and matches.

In England the hotels supply soap on the Continent, if ever, in England two towels for each person are placed as a matter of course; in Ireland one in Germany three. A bedroom is not furnished until toothpicks and a bowl of sand are supplied. The sand, too, appears in very good-class hotels in Spain.

The water bottle is also a controversial matter. It completes the furnishing of the bedroom in England; it is seldom found in Scotland. Two are often found on the Continent.

The bedroom is not considered completely furnished in Switzerland during the winter unless the heating system is working well. A friend of mine got 50 per cent. off his bill for rooms last winter because his bedroom was not completely furnished on this score.

As Do the Romans

The Experienced Traveller or Taciturn Tourist Adapts Himself to Conditions

The happiest traveller is he who can adapt himself to the customs of the country in which he temporarily sojourns. Many Americans in France become soured on that nation because they cannot without considerable trouble get ham and eggs and coffee and cream for their breakfast. People who are not fond of pepper dislike the denoué Spain and all its cookery. But the experienced traveller, or the taciturn tourist does as do the people among whom he finds himself. His serenity being undisturbed with no petty fits of irritation at alien usage, he gets the most enjoyment possible out of his journey.—New York Herald-Tribune.

"I have always maintained," declared Chief, "that no two people can ever think alike."

"You'll change your mind," said his fiancée, "when you look over our wedding presents."

Rapid Progress Of Post Office

Tremendous Increase in Canada During Past Sixty Years

Probably the growth of the Dominion in the past sixty years cannot be told in any more graphic form than that which the Post Office Department has employed in a series of posters headed "Post Office Progress." One poster says that in 1867 the department handled 17 million letters, and in 1927 the total had swelled to 576 million. Another says that in the same period the number of parcels handled has jumped from 15,000 to 45,000,000. Letters to Great Britain in 1867 totalled 500,000. This year they will total in round figures 20,000,000. It doesn't take much imagination to see the growth back of these simple figures and to realize the tremendous increase in national business in that time.

Another simple legend on still another poster tells a different side of the story. Back in the days of confederation it took five weeks for a letter to travel from Montreal to Victoria. Today a letter makes the trip in five days. In those days there were only six post offices between the Great Lakes and the Rocky Mountains. Today there are 3,400 in the same territory. An outstanding feature, too, of modern mail service is the C.O.D. parcel post system. This was inaugurated in 1923, and last year a total of 1,379,974 parcels was handled by the department, indicating that Canadian people are quick to take advantage of any new public service and appreciative of the efforts of this most necessary government department.

The following summary tells in succinct form the history of the postal department; 1868, Post Office Savings Banks inaugurated; 1871, postcards introduced; 1874, free letter carrier delivery system inaugurated; 1893, special delivery system introduced; 1898, two-cent postage introduced; 1898, rural mail delivery; 1904, parcel post; 1921, insurance in parcel post; 1923, C.O.D. service introduced; 1925, Canadian letters extended to all parts of America; 1926, war tax removed from letters. This group of dates and events, while perhaps a little dry, tells a story of progress on which a young nation can well pride itself.

The Price of Bureaucracy

Huge Annual Expenditure of the United States Government

Our bureaucratic type of government is not only encroaching more and more on the personal rights and liberties of the individual, but the horde of government employees and payroll patriots is steadily growing. James A. Emery, counsel to the National Association of Manufacturers, recently stated the situation graphically when he said that "from New Year until the first of March the production and services of the nation are absorbed by its government."

One-fourth of all the thrift all the saving, all the hard work, all the resources of the individual are poured into this rapacious war. Mr. Emery pointed out that "for every eleven wage-earners in the United States there is one recipient of government compensation. It means an annual expenditure for each American government in all its forms of a sum equal to the value in 1925 of all the crops raised on six and a half million American farms, embracing more than 340,000,000 acres of land. American government in its various forms is annually spending at the rate of more than eleven dollars for every month which has elapsed since the birth of Christ."—Thrift Magazine.

Believed Oldest Inhabitant

Believed to have been the oldest inhabitant of Canada, Mrs. Margaret Thickfoot, of Saulteaux Indian extraction, is dead at the Jackhead Indian Reserve near Lake Winnipeg at the age of 112. Until recently the square had full use of all her faculties. She was the widow of Chief Thickfoot, who before his death many years ago, played an important part in the Christianizing of the Saulteaux Indians.

Distributing Trout Fry

Brown trout fry to the number of 135,000 have been recently placed in the North and South Havel rivers and Prairie, Alford and Muskogee creeks, tributaries of the Red River and Saskatchewan rivers, Southwest of Edmonton, Alberta.

Hubby (quite flourishing) — Marriage is a lottery.

Wife—What's that?

Hubby—And I won a prize.

Some Chinese still hold spectacles in superstitious reverence and it is considered correct to remove them when greeting a social superior.

Premier's Daughter Visits Canada

Mrs. Maurice Hamilton Whitley, daughter of the Rt. Hon. Stanley Baldwin, Premier of Great Britain, photographed at Winnipeg during her recent trip across Canada on Canadian Pacific lines to Victoria where she joined her husband, on relief from his ship H.M.S. Danae, now in Chinese waters.

SALE OF MILLINERY

Special Line of
SUMMER HATS
AT HALF PRICE
One Day Only

MISS J. McEWEEN
Orpheum Theatre Bldg.

Tenders for Floors

SEALED TENDERS, addressed to the undersigned chairman of the Blaimore School Board, will be received up to noon of Saturday, July 23rd, for the following:

Re-flooring of Rooms III. and VIII. of the Central School, as well as the front porch and hall, back to foot of stairway, on main floor, with No. 1 Clear Maple Flooring; two-ply tar paper to be used between floors; boards of bottom floor to be set tight.

Lowest or any tender not necessarily accepted.

W. H. CHAPPELL,
Chairman of Blaimore Board
of School Trustees.
Dated at Blaimore, Alberta, this
20th day of July, 1927.

They are now making hot dogs without skins. But what the "dog" is really made of is still left to the imagination of the consumer.

Divers have succeeded in locating the steamer Washington, which was sunk in October, 1917, by a German submarine, while on the way from America to Genoa. They found the vessel at Samogli, not far from Genoa. The Washington had a cargo of copper worth \$600,000, which it is hoped to recover.

Mr. and Mrs. George Appleyard, of New York city, are the guests of Mr. and Mrs. A. B. Sanborne. Mr. Appleyard, it will be remembered, was connected with the East Kootenay Power Co., Ltd., during the construction of the plants at Bull River and Elk. He left about two years ago for New York, where he purchased a seat on the Stock Exchange.—Ferne Free Press.

Nation's school tax rate has been set at seven mills.

Who were the two young ladies that walked last Sunday.

Miss Annie Penman has secured a position on the teaching staff at Bellevue.

The funeral of the late Dr. Conybeare took place at Lethbridge on Saturday afternoon last.

Mr. R. G. Post returned last week end from a several months' visit to his old home in England.

The infant child of Corporal and Mrs. Weaver, R.C.M.P., died Tuesday morning and will be buried this afternoon.

The Saturday night dances at the Moose Hall continue to be popular. The biggest attraction is the orchestra, made up of all local stuff.

Messrs. W. W. Scott, K. G. Craig, T. Vejrava, James McVey and about a dozen others from here attended the closing days of the Calgary exhibition and stampede.

Mr. Peter McLaren, of Corbin, spent the greater part of last week in town. Mr. McLaren is a cousin of our fellow townsman, Mr. Finlay McLaren.

Delegates to the number of 200, representing some thirty countries, on their way from the first international congress of soil science at Washington, D.C., spent two days in Alberta in the course of a tour through the United States and Western Canada.

Referring to our comment last week on the Elks' contribution towards the arena, the Fernie Free Press states: "The same reasoning could well be offered to our children's swimming pool. Year after year a few faithful boosters work their fool heads off and give time and money to raise funds towards this institution, when the full amount should be paid out of taxation and every citizen be compelled to contribute his share."

Local and General Items

One hundred in the sun several times this week. Whew!

Coleman's school tax rate for 1927 has been set at 22 mills.

'Just because there's no light in your girl's parlor it is no sign she's not at home.

The rich never know the joy there is to be found in paying the last instalment on something.

Judge McDonald and son Jack, of Macleod, were visitors with Dr. and Mrs. Olivier on Saturday last.

Tom Three Persons, of Cardston, was arrested at Calgary, following the stampede, charged with reckless driving and doing damage to two cars.

Lawrence, eldest son of Mr. and Mrs. Joseph Handley, of Creston, lies seriously ill with typhoid fever in hospital at Cranbrook.

A dance will be held in the Union Hall at Hillcrest on Monday night next, under the auspices of the "Last of the Sheikhs." Mrs. Altematt's orchestra will furnish music.

Miss Helen Tompkins, who has been training for nursing at St. Pat's hospital, Spokane, is home on a two weeks' holiday. Her sister, Miss Kathleen, went to Spokane to accompany Helen.

Corbin witnessed a fast game of baseball on Sunday afternoon last, when the Corbin boys took upon themselves to beat the government road gang team. The score was six to four in the road gang's favor. The batteries were: Road gang—F. Bozuo and C. Uphill; Corbin—W. Elms and J. Crocker. Umpire—Charles Black. Manager road gang—Charles Kleinschmidt; manager Corbin—Tom Collins.

Mr. P. Ubertino, of Moyle, was a visitor here on Saturday last.

Mr. A. Comfort, of Creston, was a visitor to Clareholm on Monday.

Frank Wheatley, of Calgary, was a visitor to Fernie on Tuesday.

Bill Muiholland is doing big things this season, pitching for Medicine Hat.

Mr. James Naylor, school district secretary, is taking a few days' vacation.

FORD TOURING CAR For Sale. Cheap for cash. In first-class shape. Newly painted.—W. M. Bush.

The town council of Coleman will sit as a court of revision to consider appeals against assessment for 1927, on August the 21st.

The beer license of the Alexandra hotel at Pincher Station has been suspended, pending trial for an alleged breach of the Alberta Liquor Control Act.

It has been brought to our notice that a certain promising young man of Frank, whose initials are F.V. was invited to ride to Todd Creek with a young lady recently. We hear that he had to walk home over the mountains, and are wondering why.

The Salvation Army gospel car, which is travelling through the country, will be in Blaimore on Sunday next. This car is in charge of three or four officers who are all musicians and who will give open air programs wherever possible. Listen for the music on Sunday afternoon and come out and hear these talented young officers.

Sam Savage, of Calgary, was elected provincial chairman of the Order of Elks when delegates from all parts of the province met in Edmonton on Wednesday of last week for conference. Tony McKinley, also of Calgary, was re-elected secretary and organizer. It was decided to hold the next provincial convention at Lethbridge in May, 1928.
